Regarding:	Clarification Memo – Amendment to Annex 3 (Fire Extinguishers Certification Requirement) Tender Reference: 2026-012

Following the clarification received from potential bidders regarding the certification requirements for fire extinguishers under Annex 3 – Detailed Specifications (Lot 1: Fire Extinguisher), and after internal technical review, please be informed of the following amendment:

Amendment to Certification Requirement

- The requirement stating “Certification: UL Listed” under Annex 3 (Lot 1 – Items 1.3 to 1.10) is hereby removed.

It shall be replaced with the following requirements:

- Manufacturer must be ISO 9001 certified (valid certificate to be submitted with the bid).

Additional Clarification

- Fire extinguishers must comply with applicable international or European standards (EN or equivalent), as relevant to the product type.
- For automatic fire extinguishers and trolley-mounted extinguishers, CE marking and relevant EN certification are acceptable.
- Bidders must submit valid supporting certificates and technical datasheets with their offers.
- All other technical specifications remain unchanged.
- This clarification forms an integral part of the tender documents and must be considered when preparing your bid.
